U.S. Employee Benefits Services Group Establishes National Health Care Advisory Group

Iselin, NJ, March 16, 2017 – U.S. Employee Benefits Services Group (USEBSG) is pleased to announce the formation of the National Health Care Advisory Group, chaired by Chuck Andolina, USEBSG National Director of Benefits Practice Management. Members include USEBSG Managing Partners Brad Hoard, Paul Miller and Paul Tambe, and USEBSG Managing Director Eric Gilbert.

The Advisory Group was established as a forum for our industry experts to review and share their expertise on the ever-changing health care market. At their inaugural meeting on March 8, 2017, they discussed USEBSG’s strategic direction for bringing the most beneficial support, service and products to our clients in this evolving health care environment.

“We are exploring the entire breadth of support for our clients with an emphasis on assisting individual employees making the most informed decisions, including the addition of decision support tools to our service model,” said Chuck Andolina.

The Group, which will meet monthly, will keep abreast of the latest rules and regulations governing health care to ensure our clients stay educated, informed, and have access to the most modern responsive services.

About U.S. Employee Benefits Services Group
