OMNI Enhances Employer Plan Details on Website

Iselin, NJ, June 19, 2017 – U.S. Employee Benefits Services Group (USEBSG), a division of U.S. Retirement & Benefits Partners (USRBP), announced today that its member firm, OMNI, has launched enhancements to their website’s Employer Plan Details page.

These significant changes are on an employer’s 403(b) and/or 457(b) “Plan Details” page. The newly designed page streamlines the ability of participants to choose an approved provider for their employer’s plan(s) by indicating the investment types that are offered by those providers, along with definitions of each type of investment. The page also has a link to each provider’s website, a customer service contact phone number, and a link for online enrollment where available. All plan forms that participants may need to execute various transactions remain available on the same page.

Robert McLean, Omni’s President and CEO said, “The new Employer Plan Details Page provides important information to employees when choosing an investment, such as available investment types, investment definitions and agent information. Employers can immediately assess whether they are offering a healthy mix of available investment alternatives through the layout and color scheme of the page.”
