U.S. Retirement & Benefits Partners Adds Rx Valet to Employee Benefits Offerings

Iselin, NJ, February 5, 2018 – U.S. Retirement & Benefits Partners (USRBP) announced today the inclusion of Rx Valet, a complete pharmacy solution for low cost prescription medications, into their employee benefits offerings. Employee benefits are offered through U.S. Employee Benefits Services Group (USEBSG), a division of USRBP.

Rx Valet is a pharmacy care management program that shops and compares all national drug retailers and online services to scout low price options on prescription drugs and diabetic testing supplies. Rx Valet guarantees consistent competitive prices, resulting in significant annual savings for employees, and reduced health care plan expenses for employers. The service is accepted at over 60,000 retail pharmacies nationwide, and also offers a free home delivery option for additional savings and convenience.

“Rx Valet is a leading modern service that helps our clients and their employers save money in an area of medical expenses that have been continually on the rise,” said Toney Chimienti, President of Chimienti & Associates, a USEBSG member firm in California.

Mark Skinner, President and CEO of USRBP said, “We are proud to be able to enhance our comprehensive suite of core and voluntary employee benefits with the addition of Rx Valet. This service will allow our clients to easily obtain their prescriptions at an affordable price. The flexible system includes a mobile application for convenient any-time access, along with helpful medication reminders and other optional services.”

About U.S. Retirement & Benefits Partners

U.S. Retirement & Benefits Partners, with headquarters in Iselin, NJ, is the nation’s largest independent K-12 public school and governmental employee benefits and retirement planning services firm, also serving the corporate and non-profit marketplace, with over 2 million clients serviced through 41 regional Partner Firms.
