

## Kevin S. Dunn

*Senior Vice President, Chief Information Officer  
& Chief Information Security Officer*

---

Kevin Dunn is a technology strategist, speaker, and thought leader with over 20 years' experience in highly available infrastructure, e-commerce, mobile application and payments, BYO Enterprise strategies, and the leadership of technical teams. He joined U.S. Retirement Partners (USRP) in December 2014 as the Chief Information Officer and Chief Information Security Officer where his responsibilities include technology platform development, enterprise security, and information management. Before that, through his independent practice, he assisted clients in creating innovation through a combination of people, process, and technology.

Prior to entering independent practice, Mr. Dunn served as the Vice President of Infrastructure and Operations for First Command Financial Services, Inc. He and his team were responsible for defining and solving business problems through the application of state-of-the-art information technology. Mr. Dunn also served as the CIO for EdExpress Texas, LLP. In this role, he was a key participant in the development of a patented loyalty program supporting saving for education expenses. During this time, Kevin Dunn created the application and technology infrastructure of EdExpress, including customer service, transactional, and e-commerce systems.

Earlier in his career, Kevin Dunn was Technology Strategist for Whittman Hart where he provided strategic guidance on network design, electronic commerce, security, and intranet deployment issues to senior management in the venture capital, manufacturing, insurance, banking, and finance industries through white papers, technical reports, presentations, and as a national corporate speaker. He also was a key member of information technology team at the Superconducting Super Collider project.

Mr. Dunn graduated from Abilene Christian University with a Bachelor of Arts degree in Journalism and Mass Communication focusing on the areas of marketing, advertising and corporate video production. He has also participated in professional development courses and activities in a variety of leadership and technical areas, including completion of the Society of Information Management Regional Leadership Forum (SIM-RLF).

Kevin lives in Duncanville, Texas with his wife and two children. He is active in church and community affairs, currently serving on the board of the Dallas Chapter of the Society of Information Management (DFW-SIM), and as a member of the Membership Committee for Shakespeare Dallas. Previously Mr. Dunn served as President of the Board of Directors of the Duncanville Economic Development Corporation and as Chairman of the Planning and Zoning Board for the City of Duncanville.
