USRBP Features Technology Tools at Benefits Meeting

Iselin, NJ, October 22, 2021 – U.S. Retirement & Benefits Partners (USRBP) announced today the successful conclusion of its elite benefits sales meeting, which included a select group of top client-focused associates from key regional offices.

The meeting was a focused working group at which USRBP introduced a variety of new and enhanced tools supported by their technology platforms to better serve the needs of their clients and prospects in the K-12 and governmental markets. Featured at the meeting were:

- The innovative communication tools embedded in USRBP’s BenAdmin platform, The BEACON.
- Enhancements to the Employer Dashboard, a revolutionary website customized for employers that enables them to view all their benefit services in one place.
- The Financial Wellness Center, an online educational resource that offers unbiased content in print, video, and calculators.

The sales associates participating in the interactive session provided valuable feedback and recommendations that will be incorporated in the company’s ongoing initiatives and expansion of their products and services.

Megan Schneider, USRBP President, said, “We were thrilled to have key members of our team together to recognize their accomplishments and to collaborate on our best-in-class tools and resources customized for our clients.”
